thousand workmen involved and because of the subsistence of these workmen, strong action could not be taken. But very recently, I have got an inspection carried out in the mining being done around Delhi, whether it is Badkal or beyond Palam Airport and we have found that large-scale mining is going on and whether it is legal or illegal, is a matter for the Delhi Administration to get into. But we have found that there is large-scale mining going on. We have taken it up with the Delhi Administration because mining is just not a question of degradation of forest area; it has a very major pollutant effect and this pollutant load is affecting Delhi and the areas which are within the radius of these mines.
